

Philosophy of Language: The Big Questions (Philosophy: The Big Questions)

Description. This anthology brings together a diversity of readings in the philosophy of language from the ancient Greeks to contemporary analytic, feminist, and multicultural perspectives. A general introduction and introductions to each group of readings identify both the continuities and differences. This anthology brings together a diversity of readings in the philosophy of language: from the ancient Greeks to contemporary analytic, feminist, and multicultural. Philosophy has developed over millennia to help us grapple with these essential intangibles. There is no better way to study the big questions in philosophy than to study the views of Schleiermacher, Gadamer and Wittgenstein on language and meaning.

Philosophy of Language: The Big Questions - Philosophy: The Big Questions (Hardback). Synopsis: This anthology brings together a diversity of readings in the philosophy of language from the ancient Greeks to contemporary analytic, feminist, and multicultural. Philosophers have considered a whole host of big questions. 6 On communication in language as sparse, see Vern S. Poythress, Inerrancy and the Gospels. There is no better way to study the big questions in philosophy than to study the views of Schleiermacher, Gadamer and Wittgenstein on language and meaning.
