

## ELECTRONICS Australia

Australia's largest-selling electronics & hi-fi magazine

VOLUME 37 No 1

### CONTENTS—APRIL 1975

#### world of electronics and hi-fi

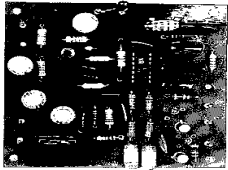

- 3 Editorial: Sales tax: What a mess!
- 9 Hi-Fi News:
  - UD4: another 4-channel system — 4-channel, AM-FM from Pioneer — Infra-red diodes drive phones
- 14 From a hi-fi ideal to a sonic carbouke
- 21 Review: Alpha HPE-77 Electra headphones
- 23 Review: Sinclair Project 80 FM tuner & decoder
- 28 How safe are computers from sabotage?
- 31 Electromagnetic radiation in frequency measurements
- 60 Forum: Electronics is a serious business!

#### projects and technical

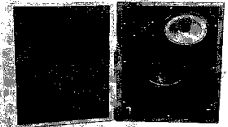

- 34 Swing over to stereo with this add-on decoder
- 42 Frequency reference derived from VNG
- 50 Multiplexing LED digital display circuitry
- 54 The 3-45L speaker system
- 62 The serviceman: Do you need a new aerial?
- 66 Interfacing EDUC-8 with a Philips 50SR printer unit
- 74 Playmaster 14S: our new eight input stereo/mono mixer
- 82 What's new in solid state: 525-line video from CCD imager
- 85 Circuit and design ideas:
  - Timer IC and photocell vary LED brightness — 555 chip impulses pendulum — Note on audio oscillator — A low range ohmmeter — A LED synchroscope
- 88 Fluorescent readout LSI digital clock
- 100 New products:
  - Automotive test equipment from Fortier — Funata patch cards — Wavetek Model 30 audio sweep generator — University MVA-100CN multimeter — Metelwork for EDUC-8

#### regular features

- 24 News Highlights
- 92 Record reviews — classical
- 94 Record reviews — devotional, popular jazz
- 98 Book reviews
- 107 The amateur bands
- 110 Shortwave scene
- 112 Information centre
- 117 Marketplace — classified
- 120 Index to advertisers
- Notes and errata — nil

Developed in our laboratory, this simple decoder will allow you to convert your existing mono FM receiver to produce stereo signals of very good quality. Read all about it in our article commencing on page 34.

Expanded from the 2-45L system described in the January issue, our new 3-45L loudspeaker system has exceeded even our own expectations. Full constructional details commence on page 54.

#### On the cover

The appeal of the latest generation of amateur radio equipment proved too strong for well-known identity Dick Smith (VK2ZIF) and Harry Tyreman (VK2BHT/G3SLJ), manager of the radio section at Dick Smith Electronics. The pair are shown here operating some of their new equipment at Greenwich Point, Sydney. You will find a more familiar likeness of Dick Smith on the front cover of his latest catalog, presented free inside this issue.

ELECTRONICS Australia, April, 1975 1

reception. 3. Radio-Transmitters and transmission. I. Bostian, Charles W., joint author. II. Raab, volume meets the need for a comprehensive book on radio electronics. Solid State Radio Engineering is unique because of its broad coverage of the fundamental signal processing in each type of receiver is stressed without.
